Re: Le Groupe Vespo
Training plan

Dear Mr. Woloz,

I wish to take this opportunity to express my appreciation of your involvement in establishing our Training plan.

Your expert advice and efficient methods were very helpful and contributed to make the daunting task of creating a training plan a pleasant and informative experience.

I have really enjoyed working with you and I can attest that your interaction with the management team was very beneficial.

It is without any hesitation that I would recommend your firm to my business contacts

Looking forward to working with you again, I remain

Your truly

LE GROUPE VESPO
